MPD- 1st Cullens Mr & Mrs K Philoma Maestro. Upstanding 7 month old black dog who demands your attention, he has a beautiful masculine head and correct ear carriage, correct length of neck into well laid shoulders, strong rib cage and good depth of brisket, well angulated rear end which is correctly muscled for age and tail is well set. He could have done with a bigger ring but I could see his strong movement when he covered the ground. He was presented in excellent condition. RBD & BPD

JD- 1st Veal Mr M Philoma Man after Midnight. What can be said about this 17month old black dog apart from just stunning... He oozes breed type without being overdone in anyway, he has a strong head with correct planes, correct bite, perfect ear set which are used well, good length of neck into well laid shoulders, correct amount of forechest, correct spring of rib and depth, right amount of loin, his topline is strong and firm, his rear end is well muscled and his angulation is plenty. When it comes to moving this dog really shows his correct conformation by showing great reach in front and drive from behind. To complete the picture he is presented with a harsh jacket and enough furnishings. Although only young and some more maturing to do this boy is going to have a bright future and I could not deny him Best Dog, Best of breed and finally Best in Show.

MPB- 1st Cullens Mr & Mrs K Philoma Tempo. What a star this 7 month old black bitch is going to be.. She excels for breed type and I just loved her, her head is well proportioned and she has the darkest of eyes, well set ears which were used well to give her an alert and keen expression. Lovely strong head but so feminine throughout. Her neck is of good length and just flows into her well laid shoulders, correct front with good forechest, strong well covered rib cage with the right about of depth, she has correct rear angulation and is well muscled, when it came to movement this bitch covers so much ground with her reach in front and strong drive from behind. I could not deny her best puppy bitch, Best Bitch and only beaten by the more mature male for Best Of Breed. When it

came to the end of the day this beautiful bitch pulled out all the stops and I could not deny her Best Puppy in Show.
